# FEEDER SILOS.

LONA-products are beautiful designs that excel in quality, ease of use, durability, have a unique hanging system and can be easily attached almost anywhere. Whether it's a rain pipe, tree trunk, fence, branch, wall or pergola, it's no problem. Often without screws with included fasteners. Removing and refilling with garden bird feeders is done with one simple movement.

It's that simple.

# IN THREE DELICIOUS FLAVOURS

## GARDEN BIRD PEANUT BUTTER

A popular treat for garden birds in your garden, patio or balcony, and also nutritious and delicious. But you have bird peanut butter and real LONA garden bird peanut butter. LONA peanut butter is made from lots of real peanuts. That's what sets LONA apart. Garden birds recognize it from afar.

Rich in carbohydrates and packed with body-building proteins for year-round feeding. LONA peanut butter jars can be used in the following LONA feeding systems: H1 feeding house, H2 feeding station, P1 and P2 peanut butter jar holders, and the A1 feeding station. Empty LONA jars are refillable and can also be used as (spare) feeding jars for LONA peanuts, garden bird feed and bird fat balls.
